

Spark3DP Open Source Project

Individual Contributor License Agreement ("Agreement") v1.0

Thank you for your interest in the Spark3DP Open Source Project, a project owned and hosted by Autodesk, Inc. ("Autodesk"). In order to clarify the intellectual property license granted with "Contributions" (as defined herein) from any person or entity, Autodesk must have a Contributor License Agreement ("CLA") on file that has been signed by each Contributor to the Spark3DP Open Source Project, indicating agreement to the license terms below. This license is for your protection as a Contributor to the Spark3DP Open Source Project as well as the protection of Autodesk and the other Spark3DP Open Source Project users; it does not change your rights to use your own Contributions for any other purpose. If you have not already done so, please complete, print, sign, scan, and send an electronic copy of the signed Agreement to:

You accept and agree to the following terms and conditions for Your present and future Contributions submitted to Autodesk for use with the Spark3DP Open Source Project. Except for the license granted herein to Autodesk and the other Spark3DP Open Source Project users, You reserve all right, title, and interest in and to Your Contributions.

1. If You accept this Agreement on behalf of a Company (as herein defined) for which You are authorized to act (e.g., an employer) and acknowledge that such entity is legally bound by this Agreement (and You agree to act in a manner consistent with this Agreement) or, if there is no such entity for which you are authorized to act, You accept this Agreement on behalf of Yourself as an individual and acknowledge that You are legally bound by this Agreement, and (ii) You represent and warrant that You have the right, power and authority to act on behalf of and bind such entity (if any) or Yourself. You may not accept this Agreement on behalf of another entity unless you are an employee or other agent of such other entity with the right, power and authority to act on behalf of such Company.

"You" (or "Your", or "Yourself") shall mean the copyright owner, or legal entity authorized by the copyright owner that is making this Agreement with Autodesk "Company". For legal entities, the entity making a Contribution and all other entities that control, are controlled by, or are under common control with that entity are considered to be a single Contributor. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such Company.

* Indicates that an entity is being legally bound by this agreement.

"Contribution" means any original work of authorship, including any modifications or additions to an existing work, that is intentionally submitted by You to Autodesk for inclusion in, or documentation of, the Spark3DP Open Source Project (the "Work"). For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to Autodesk (including to the Spark3DP Open Source Project) or its representatives relating explicitly or implicitly to the Spark3DP Open Source Project, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, Autodesk for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by You as "Not a Contribution."

2. Subject to the terms and conditions of this Agreement, You hereby grant to Autodesk and the other Spark3DP Open Source Project users a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Your Contributions and such derivative works.

3. Subject to the terms and conditions of this Agreement, You hereby grant to Autodesk and the other Spark3DP Open Source Project users a perpetual, worldwide, non-exclusive, fully-paid, royalty-free, irrevocable (except as stated in this section) patent license to have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by You that are necessarily infringed by Your Contribution(s) alone or by combination of Your Contribution(s) with the Work to which such Contribution(s) were submitted, as such Work existed as of the date of your Contribution(s). This patent license shall not apply to any other combinations which include the Contribution(s). If any entity (a "Litigant") institutes patent litigation against You or any other entity (including a cross-claim or counterclaim in a lawsuit) alleging that your Contribution, or the Work to which you have contributed, constitutes direct or contributory patent infringement, then any patent licenses granted to that Litigant under this Agreement for that Contribution or Work shall terminate as of the date such litigation is filed.

4. You represent that you are legally entitled to grant the above licenses and agree that Autodesk may make use of Your Contributions in a version of the SPARK software that Autodesk combines with its proprietary products and distributes under license terms other than the terms of the Spark3DP Open Source Project. If your employer(s) has rights to intellectual property that you create that includes your Contributions to the Spark3DP Open Source Project, you represent that you have received permission to make Contributions to the Spark3DP Open Source Project on behalf of that employer, that your employer has waived such rights for your Contributions to Autodesk and the Spark3DP Open Source Project, or that your employer has executed a separate Corporate CLA with Autodesk.

5. You represent that each of Your Contributions is Your original creation (see section 7 for submissions on behalf of others). You represent that Your Contribution submissions include complete details of any third-party license or other restriction (including, but not limited to, related patents and trademarks) of which you are personally aware and which are associated with any part of Your Contributions.

6. You are not expected to provide support for Your Contributions, except to the extent You desire to provide support. You may provide support for free, for a fee, or not at all. Unless required by applicable law or agreed to in writing, You provide Your Contributions on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NONINFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE.

7. Should You wish to submit work that is not Your original creation, You may submit it to Autodesk separately from any Contribution, identifying the complete details of its source and of any license or other restriction (including, but not limited to, related patents, trademarks, and license agreements) of which you are personally aware, and conspicuously marking the work as "Submitted on behalf of a third-party: [named here]".

8. You agree to notify Autodesk of any facts or circumstances of which you become aware that would make these representations inaccurate in any respect.
